## KG MERUYA OPEN HOUSE

Open house at KG Meruya was held to welcome families and give them a closer look at our joyful and nurturing learning environment. Parents experience how children learn through play, creativity, fun and friendship

## LITTLE STARS ON STAGE

Our student confidently took the stage, singing, dancing and playing instrument music with bright smiles and pure joy. Their enthusiasm and energy filled the room, bringing happiness to everyone who watched.

# ROUGH AND SOFT

The children are learning about textures. They explored and touched different materials to find out which ones are rough and which are soft.

The children used a colorful sensory board with items such as buttons, pom-poms, cloth, rope, and grass-like mats. They carefully touched each material and said whether it felt rough or soft.

The children really enjoyed this activity. Some said the rough parts felt like the floor, while the soft ones felt like their pillows or favorite toys. They were happy and curious to explore more textures.

# Jumping Games

Jumping games involving foot and hand patterns on the floor are a fun way for children to:

1. Practice Gross Motor Skills: Strengthen leg muscles, improve balance, and whole-body coordination
2. Develop Cognition: Children learn to recognize patterns, distinguish directions (left and right), and follow instructions.

3. Improve Focus and Concentration: Requires attention to see patterns and plan next movements.
4. Sensory Stimulation: Jumping and landing provide important sensory stimulation for children's bodies.

# WE LOVE ART & CRAFT

## SCHOOL ACTIVITIES

Art for kids is about self-expression and the creative process, while craft is about creating a specific product using a learned skill. Both activities involve using imagination and hands-on techniques, but art focuses on open-ended exploration without a set outcome, whereas craft is goal-oriented with a defined result.

## BENEFITS OF ART AND CRAFT FOR KIDS

**Fine motor skills:** Activities like cutting, gluing, and manipulation of small objects improve dexterity and hand-eye coordination.

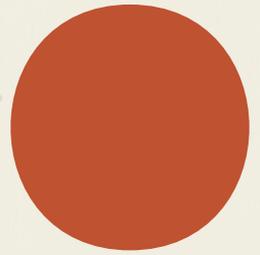

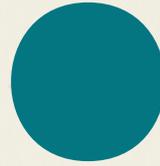

**Cognitive development:** Both art and craft activities encourage problem-solving, critical thinking, and imagination.

**Emotional and social growth:** They provide a way for children to express themselves, process feelings, and work with others on group projects.

**Confidence:** Completing an art project or craft gives children a sense of accomplishment.

# Rhythmic Clapping

*Rhythmic clapping is the act of clapping in time with a beat or pattern, which can be a musical beat, a spoken rhythm, or a choreographed sequence*

Benefit of doing Rhythmic clapping are

1. Improves Circulation
2. Boosts immunity and energy
3. Enhances motor skills
4. Strengthens muscles
5. Supports respiratory function
6. Encourage teamwork and participant
7. Foster social bonding

# LITTLE HANDS Colorful Wings!

This month, our Nursery class made beautiful tie-dye butterflies! The children drew lots of fun patterns on tissue paper with markers, then used pipets and water sprayers to watch the colors spread and mix, so exciting!

After drying, we folded the tissue into wings and added fuzzy wire to make the butterfly body and antennas. Each butterfly turned out bright, unique, and full of creativity.

A lovely activity to explore colors, hand control, and imagination and lots of happy smiles too! ♥

# A Fun Learning Experience

at the Westin Expo Food Bazaar

In this month Westin Expo Greenville, the Nursery and Toddler classes participated in a joyful and engaging Traditional Food Bazaar. The children dressed as little chefs and proudly managed their own food stalls.

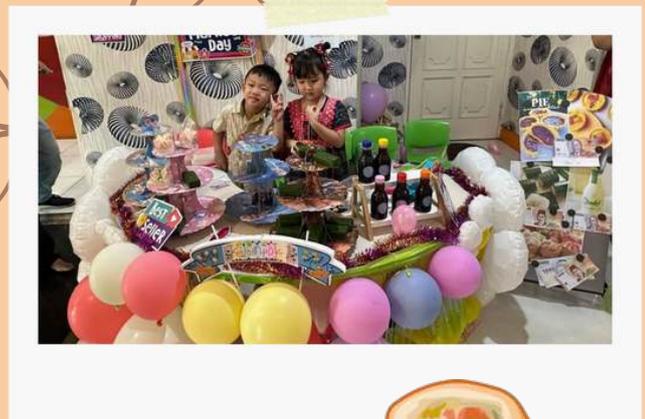

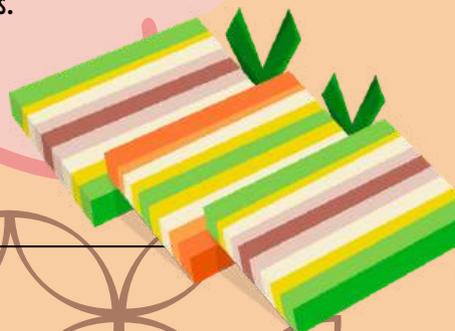

Through this activity, the children were introduced to various Indonesian traditional foods while learning important social roles, such as being a cashier, arranging food displays, serving customers, and saying “thank you” after each transaction.

This bazaar experience helped develop their independence, confidence, communication skills, and early understanding of simple concepts such as pricing, buying, and selling.

The children were excited to interact with their friends and teachers while enjoying a real-life role-playing experience.

It was a meaningful and delightful learning moment for all our Nursery and Toddler students.

# K2 Students music Exploration Day

Our K2 students had a wonderful time exploring musical instruments. They practiced playing the melodica on stage and experimented with simple rhythms using the triangle in class.

Through this activity, the children learned to follow rhythm, work together, and express themselves through music. It was a fun and meaningful musical experience for all! 🎵

## ABOUT OUR OPEN HOUSE

We proudly took the stage at Westin School's Open House 2025, bringing energy, rhythm, and passion to every move. Our dance wasn't just a performance. It was a celebration of teamwork, creativity, and the pure joy of expressing ourselves through movement. Every step told a story of dedication, courage, and friendship.

This unforgettable moment reminded us that the stage is more than a place to perform — it's where we grow, shine, and create memories that last a lifetime. Here's to dancing with heart and reaching new heights, one performance at a time!

## PARADE

Before the Open House event commenced, the students presented a Lion Dance Parade, which symbolized happiness and prosperity. Accompanied by teachers, the students paraded through the surrounding streets and public areas, bringing a festive atmosphere to the community. Upon completing the parade, the students proceeded to showcase a series of impressive performances, marking the official opening of the event.

### Annual Competition

Our school held an annual competition where students joined various contests such as singing, drawing, spelling, and sports. Everyone was excited to show their talents and do their best. The teachers and judges watched proudly as students performed. Winners received medals and certificates, but all participants felt happy and proud. It was a fun and memorable event for everyone.

### Open House 2025

Our school celebrated Open House 2025 with joy and excitement. Students prepared beautiful displays, performances, and projects to show their learning. Parents and guests visited the classrooms and enjoyed watching the activities. Teachers explained lessons and achievements from the year. It was a wonderful day full of smiles, teamwork, and school spirit.

### OUR ACTIVITIES

Our school's open house was a three-day extravaganza, bursting with fun from start to finish! We were over the moon with excitement. As luck would have it, our class rep busted some killer moves and snagged the dance competition trophy, certificate, and a nifty cash prize! We also got to enjoy a whirlwind of performances from other classes.

The event was a smashing hit, blending thrilling performances with brain-busting academic face-offs! The day kicked off with a lively Lion Dance that got everyone buzzing, then dazzled us with stunning piano recitals, soulful singing, and electrifying modern dances. Every participant brought their A-game, turning the event into a memorable fiesta. Hats off to everyone who helped make the day a roaring triumph!

## P3A OPEN HOUSE

### Mandarin Literacy

Wu Yi Meng from P3A class has won the Mandarin storytelling competition. Congratulations!

### Choir and Dance

Kezia Rafini and Jane Jesslyn P3A have performed in choir and dance gracefully. Nice performance!

### English Literacy

Arya Adhittana Guitha from P3A class has won a prize in the storytelling competition. Congratulations!

# P3B

## OPEN HOUSE

During the Open House, we showcased our talent in dancing, performing a lively routine titled "Dancing Jiāyóu Yā!" (加油鸭). In Mandarin, the phrase "加油鸭" is a fun and playful way of saying "Let's go!" or "Keep it up!", encouraging positivity and enthusiasm.

## ANNUAL COMPETITION

In the Talent Show, Marvin, Jacob, and Keefe – made it all the way to the final round! Although they didn't take home a trophy this time, their creativity and teamwork shone brightly. In the Mandarin Fluency category, Nathaniel won 2nd place and Dedrick earned 3rd place with their wonderful storytelling performances. Congratulations!

**OPEN HOUSE**  
17-19 October

Our Class 4 Open House is a special event where parents are invited to visit our classroom and see all the wonderful things we have been learning. Students will proudly show their projects, artwork, and activities that they have worked hard on throughout the school year. This is also a great opportunity for parents to meet the teacher, ask questions, and understand how we learn every day. The Open House helps build a strong connection between school and home, and it makes students feel happy and confident about their achievements.

## science games

Science games make learning fun and exciting. By playing games, we can discover new facts, do simple experiments, and work together with friends. These activities help us understand science better while enjoying every moment in class.

## PATHWAY TO GLOBAL

OUR THEME FOR THIS YEAR OPEN HOUSE IS “PATHWAY TO GLOBAL” In this modern era, the world is more connected than ever before. To succeed globally, we must be open-minded, adaptable, and ready to learn from different cultures. Education, technology, and communication are the keys that lead us to global opportunities. By mastering languages, understanding diversity, and building collaboration, we create bridges—not barriers. Let us prepare ourselves to be responsible global citizens who think globally and act locally. Together, we can make our pathway to global success bright and meaningful.

## WELCOME TO OUR CLASS

In our class, we're rolling out the red carpet for the mystical world of LMS at our school! The Learning Management System, or LMS, is like your personal genie in a bottle, granting wishes for easy learning and teacher chats. With LMS, you can dive into lessons, binge-watch educational videos, hand in assignments, ace quizzes, and peek at your grades—all from the comfort of your couch or wherever you fancy! It's like having a magical backpack where all your study gear is neatly packed, making learning organized and as flexible as a yoga master!

## OUR CLASS PERFORMANCE

The event featured various shows and exhibitions that highlighted students' talents and hard work. Visitors enjoyed science experiments, art displays, traditional dances, and musical performances. The event also included delicious refreshments and friendly interactions between visitors and teachers. The Open House was a memorable celebration of learning, talent, and community spirit that made everyone proud of our school.

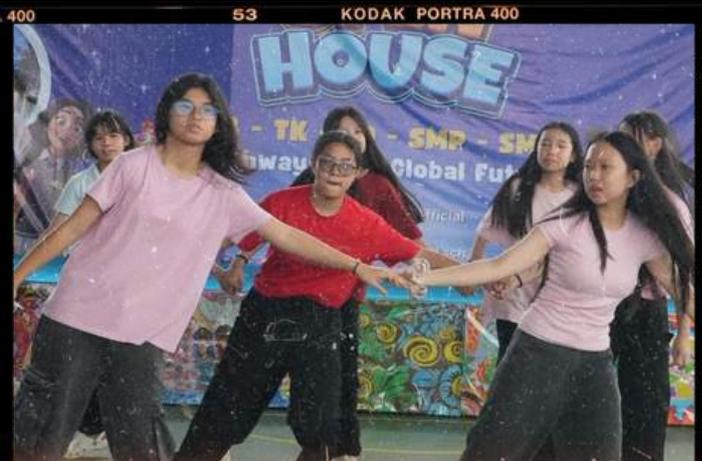

A joyful moment captured during Westin's Open House 2025 – smiles, laughter, and a lively spirit that perfectly reflect the warm and positive atmosphere of the event.

# J3B Class

The open house is not just about competition, but about discovering your strength and creativity. You inspire others to believe in themselves too. So, enjoy the moment, give your best, and let this day remind you that every challenge is a step toward your dreams.

Look around — the classrooms are filled with amazing young talents, all eager to show what they've prepared. Some may win trophies, others may not, but what truly matters is the spirit, teamwork, and effort you give. Every experience today helps you grow stronger and more confident for tomorrow.

# S1A CLASS

## S1A PERFORMANCE

Students showcase various talents during the school's Open House activities with the aim of developing self-potential and fostering self-confidence in public. The benefits of this activity are that students can express their abilities, enhance creativity, and build a spirit of achievement in non-academic fields.

Students participate in the Business Plan Competition at the school's Open House event with the aim of developing creative thinking and entrepreneurial skills. This activity has a positive effect by increasing self-confidence, presentation skills, and the ability to work together as a team.

During the Open House event, students of class S1A participated by showcasing an engaging musical performance. Through this activity, students can channel their musical talents while providing entertainment to the visitors. This event aims to develop students' artistic potential and foster a spirit of creativity. The benefits include boosting students' confidence, enhancing teamwork, and enabling them to express themselves positively.

# A FUN 2ND SEMESTER

This second semester kicked off with a variety of fun activities, including sports day and a costume party. During sports day, we participated in many enjoyable activities, including group gymnastics and various fun games. These activities taught us how to play fairly while still having fun.

This costume party had a fruit theme. We wore a variety of fruit costumes, and we also learned about different types of fruit, including their shapes, colors, and flavors. Overall, this costume party was a blast.
